SAFETY POLICY

CEL recognises Occupational Health & Safety as an integral part of its business performance.

We are committed to achieving a high level of OH&S performance, compliance to legal requirements as the minimum, and to continual cost-effective improvement in performance.

Our objectives for Occupational Health & Safety are to:

- Comply with legal requirements
- Reduce risks within the working area

We will provide adequate resources to ensure that this policy is implemented.

Responsibility for OH&S rests with the Managing Director.

We are committed to employee involvement and consultation in order to gain commitment to this policy.

We will ensure that employees at all levels of the organisation receive appropriate training and are competent to carry out their duties and responsibilities.

Signed 
Vincent McDermott
Managing Director
